

Registration and Waiver of Liability

The 4 Corners Tour is an informal activity involving travel over public roadways, planned and presented by the BMW-NC Tarheel Travelers for the enjoyment of its members and affiliates.

Participation in this event, with or without a signed registration, is done so at the rider's and passenger's own risk and requires a NC Driver License with a motorcycle endorsement, a properly registered and inspected motorcycle and liability insurance, as required by the state of North Carolina, and operation in accordance with all North Carolina speed and traffic ordinances.

Riders and passengers should take part in this tour based on a realistic assessment of their own skill and ability to operate a motorcycle over long distance and to navigate to a distant landmark.

Participation is a mutual understanding and agreement that the BMW-NC Tarheel Travelers, its members and affiliates are not responsible for road conditions or events which may transpire to cause hazardous conditions.

Participation is voluntary and all liability is assumed by the participant rider and passenger, as it is in any and all times that riders and passengers venture out onto public roadways as a licensed operator of a motorcycle in the state of North Carolina.

Participants agree to hold harmless The BMW-NC Tarheel Travelers, its members and affiliates with regard to any errors and omissions in information provided and any accidents or mishaps which results in property damage, minor or serious injury or death while participating in the 4 Corners tour.
